Tenant may have guests residing temporarily in the Premises if their presence does not interfere with the quiet enjoyment of other occupants, and if the number of guests is not excessive for the size of the Premises. No guest may remain for more than 7 days in a 30-day period without written consent of Landlord, which will not be unreasonably withheld. Tenant shall be liable for any property damage, waste, or neglect caused by Tenant or Tenant's guests or invitees to the premises or the building or development in which they are located. Sex offenders are not allowed on the premises at any time. Nothing in this paragraph or this Lease should be construed to authorize the landlord to terminate the tenancy of a tenant based solely on the commission of crime in or on the property if the tenant, or someone who lawfully resides with the tenant, is the victim, as defined by s. 950.02(4), of that crime.

14. PROMISES TO REPAIR. Any promise to repair, clean, or improve the Premises (including the promised date of completion) made by Landlord before execution of this Agreement, shall be in writing as an attachment to this Agreement. Time being of the essence as to completion of repairs does NOT apply to any delay due to causes beyond the Landlord's control.

15. MAINTENANCE. All requests by Tenant for non-emergency maintenance services by Landlord must be made through the tenant portal or recorded maintenance phone line. Tenant acknowledges that, when making a maintenance request, Tenant is granting access to the Landlord, Landlord's agents, vendors, and anyone else the Landlord deems necessary to make the required repair(s). Tenant understands that maintenance work will generally be scheduled within 1 business day and that they typically will not receive a call prior to the repair work, but that maintenance personnel will knock and announce themselves before gaining entry. In the event work cannot be scheduled within 1 business day, Landlord will call and schedule a future date. Tenant shall maintain the Premises under Tenant's control in a clean and as good a general condition as they were at the beginning of the Term or as subsequently improved by Landlord, except for normal wear and tear. This includes satellite dishes and antennas, which are not allowed unless written permission is granted by the Landlord. Tenant is responsible for any repair costs associated with unauthorized alterations to the Premises or the property of which it is a part. No repairs, other than the minor repairs referenced above, shall be made without the Landlords' permission. Any bills incurred from unauthorized repairs are the sole responsibility of the Tenant. Tenant shall maintain all smoke and carbon monoxide detectors located in the Premises or give Landlord written notice if a detector is not functioning.

16. ENTRY BY LANDLORD. Landlord may enter the Premises with 12 hours advance notice to Tenant, and at reasonable times, to inspect the Premises, make repairs, show the Premises to prospective tenants or purchasers, or comply with applicable laws or regulations. Landlord may enter without advance notice upon the consent of Tenant, or when a health or safety emergency exists, or if Tenant is absent and Landlord believes entry is necessary to protect the Premises from damage.

Tenant acknowledges that when they are submitting a request for maintenance, Tenant is authorizing Landlord to enter the leased premises within one (1) business day, during normal business hours, and without further notice to Tenant. Tenant shall not add or change locks without obtaining written permission AND immediately providing Landlord keys to permit access to the Premises. Improper denial of Landlord to legally access the premises is a breach of this agreement. Landlord shall not add or change locks without providing notice to the Tenant unless the addition or change of locks is made pursuant to court order or per Wis. Stat. § 704.16 (imminent threat of serious physical harm). Tenant authorizes Landlord to enter the premises in the event Landlord is contacted by police pursuant to a wellness check.

17. HOME SECURITY CAMERAS. Tenant agrees not to install any cameras or recording devices on the exterior of their apartment or in a way that records the private rentable space of other tenants. Tenant may only install cameras or recording devices within the interior of their leased space, that records only their private leased space. Cameras or recording devices may not at any time monitor or record common spaces on the property or the private rentable space of other occupants. Any violation of this provision could result in the termination of tenancy pursuant to judicial eviction procedures as provided in Chapter 799 of the Wisconsin Statutes.

18. RENTER'S INSURANCE. Renter's insurance is required for the Premises: _____

If required, Tenant agrees to maintain a renter's insurance policy with at least _____ in property liability coverage during the entirety of this Agreement and any subsequent renewals. Tenant also agrees to name the Landlord's agent (Candlewood Property Management, LLC) as "additional interested party" on the policy. Proof of insurance must be provided before move-in. Should the Tenant fail to maintain renter's insurance, the Tenant authorizes the Landlord/Agent to temporarily enroll the Tenant in the Landlord's Tenant Liability Insurance program at a cost of _____ per month. This coverage is temporary, and it is the tenant's responsibility to promptly reinstate their own renter's insurance as required above.

If not required, the Landlord strongly encourages Tenant to still maintain a separate renter's insurance policy. Tenant acknowledges that the Landlord's insurance does not cover the loss of any Tenant belongings in the event of a fire, flood, water line break, etc., or any relocation costs if Tenant is displaced from the Premises due to such events.

19. RULES. Landlord may make reasonable rules governing the use and occupancy of the Premises and common areas. ***A copy of the Resident Guide in place at the time of Tenant's signing this Agreement is attached, which includes the current rules for the Premises.*** Tenant acknowledges receipt of these rules prior to signing this Agreement. Any failure by Tenant to comply with these rules is a breach of this Agreement. Landlord may make reasonable amendments to the rules and any amendment shall become effective no sooner than 14 days after the amendment is delivered to Tenant. If an amendment materially and adversely affects Tenant's use of Premises, Tenant may, at any time before it becomes effective, give Landlord not less than 28-days written notice, to terminate this Agreement effective as of the end of a rent-paying period, citing the amendment and its effect on Tenant's use of the Premises.

20. MITIGATION; ABANDONMENT; PERSONAL PROPERTY. If Tenant abandons the Premise before the end of the tenancy, or if the tenancy is terminated for Tenant's breach of this Agreement, Landlord shall make reasonable efforts to re-rent the Premises and apply the rent received, less costs of re-renting, to Tenant's obligations under this Agreement. Tenant shall remain liable for any deficiency. Unless otherwise agreed to in writing, if Tenant vacates from the Premises or is evicted from the Premises and leaves personal property behind, Landlord may presume that Tenant has abandoned the personal property. Landlord will not store personal property abandoned by Tenant and may dispose of it in any manner deemed appropriate by Landlord. If the personal property is prescription medication or prescription medical equipment, Landlord shall notify the Tenant and hold the property for 7 days from the date on which Landlord discovers the property. After that time, Landlord may dispose of this property in the manner that Landlord determines is appropriate, but shall promptly return the property to Tenant if Landlord receives a request for its return before disposing of it [per Wis. Stat. § 704.05(5)(am)]. If the abandoned property is a manufactured home, mobile home, or titled vehicle (includes automobiles), Landlord must give notice, personally or by regular or certified mail, to Tenant and any secured party known to Landlord of Landlord's intent to dispose of the property by sale or appropriate means [per Wis. Stat. § 704.05(5)(b)].

21. PARKING. Parking for the Premises is limited to the following: _____

Tenant acknowledges that vehicles must be fully parked on driveway areas. At no point should vehicle tires be on the lawn. If the property on which the Premises is located has designated parking areas, Tenant and guests must utilize those areas and are not to park outside of those areas. All vehicles must be fully operational and licensed. Working on vehicles is not allowed in parking areas at any time, except in emergency situations (changing a flat tire or jump starting a dead battery).

Vehicles not displaying permits (where required) or vehicles illegally parked are subject to be towed without prior notice and at the owners' expense. If Tenant has a garage, garage doors must remain closed when not in use. Shelving installed by Tenant in the garage must be returned to the condition Tenant received the garage.

Electric Vehicles and Chargers: Charging electric vehicles is not allowed at the property without written consent from the Landlord or Landlord's agent. A written request will be required for approval of the installation of EV chargers. Tenants agree to comply with all reasonable requirements, standards, rules, and regulations if Landlord's consent is granted. The installation costs, maintenance, repairs, and operation of EV chargers are the responsibility of the tenant. Chargers installed at the property stay at the property or tenants are responsible for the repair of walls for the removal of the charger. Electricity usage to charge the vehicle is the sole responsibility of the tenant to pay. In cases where the use of a common outlet is granted, the Tenant will be responsible for reimbursement monthly of excess costs (above & beyond normal usage) from charger usage. Additionally, the Tenant agrees to pay any additional usage costs, plus a \$250 fine, for charging the vehicle in an outlet that they are currently not paying the utility bill on. Theft of utilities is also grounds for immediate lease termination. At no time should charging cords be allowed to remain on the ground and cause a hazard to people walking or snow removal equipment. Theft of utilities is also grounds for termination of tenancy, by judicial eviction procedures as provided in Chapter 799 of the Wisconsin Statutes.

22. MOLD PREVENTION. Tenant agrees to maintain the Premises in a manner that prevents the occurrence of mold or mildew. Tenant agrees to uphold this responsibility in part by complying with the following list of responsibilities:

- n. Tenant agrees to hold harmless the Landlord and Landlord's agent from any actions, claims, losses, damages, and expenses that the Landlord or Landlord's agent may sustain or incur as a result of negligence of the Tenants, their guests, or other person living in or using the Premises, unless caused by negligent acts or omissions of the Landlord.

Nothing in this paragraph or this Lease should be construed to impose liability on the tenant for personal injury arising from causes clearly beyond the tenant's control, or for property damage caused by natural disasters or by persons other than the tenant or the tenant's guests or invitees.

23. LEAD-BASED PAINT PROVISIONS. See Addendum L attached to this Agreement.

24. SMOKE & CARBON MONOXIDE DETECTOR NOTICE. Landlord shall install functional smoke and carbon monoxide (CO) detectors in the Premises and in any common areas, as required by law. If Tenant or any government inspector gives written notice to Landlord that a smoke or CO detector is not functional or has been removed, Landlord shall repair or replace the detector within 5 days after receipt of notice. Tenant shall maintain the smoke and CO detectors in the Premises and upon discovery that a smoke or CO detector requires maintenance, agrees to immediately either perform any maintenance necessary to make the detector functional or provide Landlord written notice regarding the required maintenance.

25. NON-SMOKING. For the purposes of this section, "smoking" includes the inhaling, exhaling, breathing or carrying any cigar, cigarette, tobacco product, nicotine product, vaping, or similar lighted product in any manner or form. As a Tenant, you acknowledge and agree to abide by the fact that the entire building is smoke-free and must be treated as such by all occupants and your guests. It is solely your responsibility to inform your guests of the no-smoking policy and to monitor their actions. It is also the Tenant's responsibility to promptly give the Landlord written notice when tobacco smoke is migrating into the Premises from outside sources.

Additionally, Tenant acknowledges the Landlord's adoption of a smoke-free living environment, and the efforts to designate the complex as smoke-free, do not make the Landlord or any of its managing agents the guarantor of Tenant's health or of a smoke-free condition of the buildings and building common areas. However, the Landlord shall take reasonable steps to enforce the smoke-free terms of this Agreement and to make the building common areas smoke-free. The Landlord is not required to take steps in response to smoking unless the Landlord knows personally of smoking or has been given written notice of smoking.

The Landlord does not warranty or promise the rental property or common areas will be free from secondhand smoke. Tenants acknowledge that the Landlord's ability to police, monitor, or enforce the agreements of this notice is dependent in significant part on voluntary compliance by Tenants and their guests. Tenants with respiratory ailments, allergies, or any other physical or mental condition relating to smoke are put on notice that the Landlord does not assume any higher duty of care to enforce this notice than any other Landlord obligation under this Agreement.

26. PEST CONTROL. If the Tenant has any knowledge of an insect infestation, the Tenant should notify the Landlord immediately. Such notification constitutes permission for the Landlord to enter the Tenant's dwelling unit during business hours for the purpose of inspecting or for controlling any insect infestation. A Tenant who fails to notify the Landlord of the presence of an insect infestation will be held liable for **all** insect infestation control expenses for the Premises and surrounding area that is or may become infested with insects. Such expenses may include, but are not limited to, the cost of insect/pest control treatment(s). This may include removal of carpeting or other kinds of flooring, the removal or replacement of cabinets or other surfaces, repainting and all costs incurred by the Landlord for each tenant displaced from an apartment that became infested with insects as a result of Tenant's failure to notify the Landlord of the presence of an insect infestation.

Upon notice from a Landlord, the Tenant shall grant the Landlord, Landlord's agent, employee, pest control companies and other individuals, access to the Tenant's unit for the purpose of conducting an inspection for controlling insect infestations.

- a. The Tenant shall cooperate with the Landlord, Landlord's agent and employees, or the Landlord's designated pest control company in a way they have determined is necessary to satisfactorily complete requisite treatments to control an insect infestation.
- b. The Landlord shall not be liable to the Tenant or Tenant's guests for any damages relating to and arising from the presence of an insect infestation unless caused by negligent acts or omissions of the Landlord; and
- c. The Tenant will be found to have violated the Wisconsin Stat. §704.07(3) for failure to maintain their dwelling unit materially affecting health and safety. A violation of this section may entitle the Landlord to terminate the tenancy, by judicial eviction procedures under Chapter 799 of the Wisconsin Statutes, and/or seek damages against the Tenant.
- d. The Tenant shall comply with what is deemed necessary by the pest control company to rid the Premises of the insect infestation.
- e. The Tenant and Landlord shall not apply any bedbug/insect infestation control treatments as this must be completed by an insect/pest control professional.
- f. The control of an insect infestation may constitute damages to the Premises beyond normal wear and tear and the Landlord may itemize and deduct from the Tenant's security deposit those actual costs pursuant to Wisconsin Stat. §704.07 (3).
- g. The Landlord shall have a separate cause of action for the collection of costs related to the control of insect infestation that exceed a Tenant's security deposit and for which the Tenant is liable to the Landlord.

27. VIEWING OF PREMISES. Tenant acknowledges that Tenant has seen, or has been offered and declined to see, the actual Premises prior to move-in. Tenant also acknowledges that the Landlord has made no additional promises to repair unless they are listed in writing. Tenant acknowledges that Landlord has provided a check-in sheet which includes an itemized description of the condition of the Premises.

28. CONTROLLING LAW. Landlord and Tenant understand that their rights and obligations under the Agreement are subject to the federal and state lead-based paint laws, Wis. Stat. Chapter 704, Wis. Admin. Code Chapter ATCP 134, applicable local ordinances, and any other applicable law, including any amendments to these applicable laws during the Term of this Agreement. Both parties shall obey all governmental orders, laws, rules and regulations related to the Premises.

29. SALE OF PROPERTY. Upon voluntary or involuntary transfer of ownership of the Premises, Landlord's obligations under this Agreement are expressly released by Tenant. The new owner of the Premises shall be solely responsible for Landlord's obligations under this Agreement. Tenant agrees to allow any showings and inspections associated with the sale of the property on which the Premises are located. Denying access associated with the sale of the property will be considered a breach of this Agreement, subject to a fine per occurrence, and grounds for termination of the tenancy by judicial eviction procedures under Chapter 799 of the Wisconsin Statutes.

30. POTENTIAL TENANT CHARGES. The following Tenant charges are part of this Agreement. These charges have been put in place to offset the cost and time involved to address each issue listed below on behalf of the Tenant. Failure to pay these fees when due will constitute a breach of this Agreement. (Pricing is subject to change. A current list of the charges is available from the Landlord at any time)

a. FAILURE TO TRANSFER/CONNECT UTILITIES Fee charged when a Tenant fails to connect utilities in Tenant's name after taking possession of the Premises. This is charged in addition to the prorated utility charges owed.

b. FAILURE TO MAINTAIN UTILITIES Tenant is required to maintain utilities until the termination of this Agreement. Failure to maintain them requires Landlord to inspect, schedule utility re-connection, delays any needed repairs, and causes extra accounting work.

c. FAILURE TO MAKE PROPERTY ACCESSIBLE (Fee Per Occurrence) If Landlord or Landlords agents are denied access to the property for any reason.

d. LEASE MODIFICATION FEE This fee is charged anytime a Tenant wants an administrative action that will cause this Agreement to be modified. This includes, but is not limited to, adding/removing a Tenant and adding/removing a pet. This does not include, lease assignment fee which has its own fee below.

e. LEASE ASSIGNMENT FEE Changing a Tenant on this Agreement requires new parties to be re-screened and a new lease agreement drafted.

f. RESIDENT BENEFIT PACKAGE FEE The monthly fee is charged by Landlords agent to offset some of the service costs provided to Tenant each month. For more information see: <https://www.rentcandlewood.com/index.php/resident-benefit-package/>

g. LOCK OUT FEE Should Tenant get locked out of the Premises and require Landlord to dispatch a technician to gain access, this fee will be assessed per occurrence, plus travel time costs.

h. STOP PAYMENT FEE This fee is charged if a Tenant does not receive a check from the Landlord for any reason that is the fault of the Tenant. (For example, Tenant provided wrong forwarding address and Landlords security deposit refund check is lost in the mail.) This fee covers the stop payment and issuance of a new check.

i. UNAUTHORIZED PET FEE This is a fee assessed, per pet, for having an unauthorized pet at the property. There is an initial fee and a per day fee that the pet remains at the property after notice is given to remove the pet. The imposition of these fees does not grant permission for the unauthorized pet to remain on the property.

31. NOTICE OF DOMESTIC ABUSE PROTECTIONS.

A. As provided in section 106.50(5m)(dm) of the Wisconsin Statutes, Tenant has a defense to an eviction action if the Tenant can prove that the Landlord knew, or should have known, the Tenant is a victim of domestic abuse, sexual assault, or stalking and that the eviction action is based on conduct related to domestic abuse, sexual assault, or stalking committed by either of the following:

1. A person who was not the Tenant's invited guest; or
2. A person who was the Tenant's invited guest, but the Tenant has done either of the following:
 - a. Sought an injunction barring the person from the Premises; or
 - b. Provided a written statement to the Landlord stating that the person will no longer be an invited guest of the Tenant and the Tenant has not subsequently invited the person to be the Tenant's guest.

B. A Tenant who is a victim of domestic abuse, sexual assault, or stalking may have the right to terminate this Agreement in certain limited situations, as provided in section 704.16 of the Wisconsin Statutes. If the Tenant has safety concerns, the Tenant should contact a local victim service provider or law enforcement agency.

C. Tenant is advised that this notice is only a summary of the Tenant's rights, and the specific language of the statutes governs in all instances.

32. NOTICE REGARDING SEX OFFENDER REGISTRY. Tenant may obtain information about the sex offender registry and persons registered with the registry by contacting the Wisconsin Department of Corrections on the Internet at <http://offender.doc.state.wi.us/public/> or by phone at 608-240-5830.

33. NOTICE OF CRIMINAL ACTS PROHIBITED. Tenant understands and agrees that criminal acts committed on the property by the tenant or tenants guests during the term of the lease, and any subsequent renewals, may be grounds for termination of the tenancy by judicial eviction procedures as provided in Chapter 799 of the Wisconsin Statutes. This includes, but is not limited to crimes against persons, property, and drug crimes. There does not need to be a conviction to violate this lease, but rather reasonable belief by the Landlord that the crime was committed by Tenant. No provision in this Rental Agreement authorizes Landlord to terminate the tenancy of a tenant based solely on the commission of a crime in or on the rental property if the tenant, or someone who lawfully resides with the tenant, is the victim, as defined by s. 950.02(4), of that crime.

34. ELECTRONIC COMMUNICATION. Landlord and Tenant agree that Landlord may provide any of the following documents to Tenant by electronic means. A copy of the rental agreement and any document related to the rental agreement. A security deposit and any documents related to the accounting and disposition of the security deposit and security deposit refund. A promise made before the initial rental agreement to clean, repair, or otherwise improve any portion of the premises. Advance notice of Entry under 704.05(2) **Tenant acknowledges that all showing notifications from Landlord will come via email. SAMPLE

PARKING NOTICE **PARKING PERMIT REQUIRED?** _____ **IF 'YES', THE FOLLOWING RULES APPLY**

The property that you live at **REQUIRES** your vehicle to have a permit always displayed to legally park in the parking lot. We do this so unauthorized people are not parking in the lot and taking parking spaces from actual residents. We authorize a towing company to monitor the parking lot and remove vehicles without a valid/current permit displayed. Please carefully read through the following parking rules:

- Office staff, maintenance staff, and towing companies do not have any tenant vehicle details.
- Only vehicles with a valid, current permit are allowed in the parking lot at any time.
- Parking permit must be hung from your rear-view mirror or visible on your front dash anytime you are in the lot.
- Vehicles must always be fully parked in the lot. No part of the vehicle may be on the lawn at any time.
- The parking lot is monitored by a private towing company and has no affiliation with the owner or management.
- If your car is towed because you failed to display your permit properly, the owner or management cannot assist you with the matter. We have no authority to waive or reimburse towing or storage fees regardless of the circumstances.
- Towing company **DOES NOT** have your vehicle info. They **ONLY** look for valid permits.
- There is no guest parking, so visitors of yours will need to park on the street. Signs are posted, but we ask that you remind your guests so that they do not get towed.
- Questions, concerns, or disputes with towing will need to be addressed directly with the towing company.
- It is a violation of City ordinances to have a car on the property with expired or missing plates. Even if you have a valid permit, your car could be towed.
- It is a violation of City ordinance to have inoperable cars parked on the property. Even if you have a valid permit, your car could be towed.
- Vehicles must be moved periodically (every two weeks at minimum) during the winter months so that snow and ice removal can be handled. Vehicles that do not move for periods longer than this are subject to towing even if you have a valid permit.
- Only the owner or management can issue permits for the property. If unauthorized permits are found, you will forfeit all permits and any rights to park in the parking lot for the remainder of the lease agreement.

Again, these rules are in place so that we can assure that you, as a paying resident, have a parking space available when you come home. Please **STRICTLY** follow them to avoid having your car towed. If your car does get towed, you can contact the Police department and they will direct you to which towing company removed the car.

IF 'NO', THE FOLLOWING RULES APPLY:

- Office staff, maintenance staff, and towing companies do not have any tenant vehicle details.
- Vehicles must always be fully parked in the lot. No part of the vehicle may be on the lawn at any time.
- Questions, concerns, or disputes with towing will need to be addressed directly with the towing company.
- It is a violation of City ordinances to have a car on the property with expired or missing plates. Even if you have a valid permit, your car could be towed.
- It is a violation of City ordinance to have inoperable cars parked on the property. Even if you have a valid permit, your car could be towed.
- Vehicles must be moved periodically (every two weeks at minimum) during the winter months so that snow and ice removal can be handled. Vehicles that do not move for periods longer than this are subject to towing.

I understand and agree to follow these parking rules and conditions.

RESIDENT GUIDE/PROPERTY RULES

YOUR NEW HOME

We wish to extend a hearty welcome to you as a resident! We hope that the months and years to come will be a pleasant experience. We want to thank you for choosing to lease with us and we will do our best to make your move as smooth and efficient as possible. We stand ready to assist you in any way within our capabilities as property managers. We ask only that you abide by the terms of your rental lease. In this guide, the term "apartment" is construed to mean apartment, single family dwelling and/or duplex.

This guide has been written to assist you in smoothing your way toward successful and enjoyable apartment living. This guide states the policies of the owner regarding the administration of your tenancy, explains our mutual responsibilities to each other and contains some hints for better enjoyment of the property. This guide constitutes the rules and regulations of your apartment, unless otherwise provided for in the apartment lease in effect for the tenancy.

APARTMENT LEASING BASICS

THE APARTMENT LEASE

It is the property owner's policy to have a lease with each resident. It may be for a year, or a number of months, under very special conditions. Leases protect both the owner and resident and are favored over verbal rental agreements by Wisconsin law. The conditions of the tenancy are thus written out for you to read and understand. We use the standard lease form approved by the Wisconsin Real Estate Examining Board; completed to fit the particular tenancy agreed upon. You should read your lease carefully and understand its provisions.

PROPERTY MAINTENANCE - OWNER RESPONSIBILITIES

The property owner, or their agent, is responsible for the structure of the building. Servicing of electrical, heating, and plumbing systems are done either by the owner, a contractor or our staff through our office. Your lease will specify which utility costs you are responsible for and also if you are responsible for lawn care or snow removal. Trash & recyclables are picked up on a regular basis.

PROPERTY MAINTENANCE - RESIDENT RESPONSIBILITIES

Under the Wisconsin State Owner/owners agent and Tenant Law (Chapter 704) and the Agriculture Trade and Consumer Protection Residential Rental Practices (Chapter Ag. 134), you as the resident have clearly defined responsibilities for tenantable maintenance during your occupancy of the apartment. Damage, breakage or injury to the property not caused by normal wear and tear is the responsibility of the resident to repair, unless caused by negligent acts or omissions of the Landlord. Thus, a broken window, crayon drawings on the walls, a clogged toilet or sink, burnt out light bulbs, holes made in the walls, leaky faucets, etc, must be either fixed by you or, if done at your request by the owner/owners agent, must be paid for by you. Any fixtures installed by you may be removed upon vacating the apartment if the property is restored to the same condition as before the installation. You must use due care to prevent or minimize needless damage which occurs due to water overflows, leaks, open windows, freeze-ups, loose objects being blown by high winds, etc. Your lease will specify which utility costs you are responsible for as well as any other responsibilities you may have for lawn care and snow removal.

CHECK-IN SHEET

It is your responsibility to inspect your apartment and to notify Owner/agent in writing, of any existing damage or defects, which existed prior to your taking occupancy. You must report any damage or defects within 7 days of the lease start date to Owner/agent. You will receive a Check-In form to assist you in your inspection of the apartment at the time you sign the lease, plus we leave another copy at move-in. If you misplace both of those you can request another one from our office or download one from the forms section of our website at any time.

NOTE: Failure to report items such as water leaks may result in your being liable for the costs associated with its repair or usage. In addition, if you are responsible for lawn care and/or snow removal, you can be held liable for damage or injury associated with them such as slip & falls, or city fines if not done in a timely manner, unless caused by the negligent acts or omissions of the Landlord. For this reason, we STRONGLY encourage residents to have renters insurance to protect you and your belongings.

REPAIRS

Specific repairs for which you, as a resident, may be responsible for are:

- 1) Garbage disposal becomes jammed.
- 2) Toilet becomes plugged.
- 3) Sinks and drains become clogged.
- 4) Light bulbs burn out.
- 5) Windows are broken
- 6) Window and door screens become torn
- 7) Other repairs under the direct control of the tenant.
- 8) Carpet becomes spotted or stained
- 9) Dishwasher becomes clogged
- 10) Bathroom fixtures pulled loose
- 11) Walls become spotted or stained
- 12) Filters – Water, Refrigerator, and Furnace

RENTAL TERMS

Rent is due on the first of the calendar month unless otherwise stated in your lease. As a best practice, please mail payment 5 days before the first to ensure that it is in our office on time. Late rents are subject to late fees as described in your lease agreement.

RESIDENT POLICIES

The following policies have been proven from long experience to be essential and conducive to harmonious relations in the close environment of apartment living.

APARTMENT CLEANLINESS: During your tenancy, we require that your place be kept clean and organized. This is important for health and safety reasons, to curb potential rodent/insect issues, and for the general well-being of our residents and the property. Failure to maintain your place in an acceptable fashion can be grounds for termination of lease agreements by judicial eviction procedures as provided in Chapter 799 of the Wisconsin Statutes.

DECORATION OF APARTMENTS: You may redecorate your apartment if you received permission in writing from the owner/agent and include the work to be done, by whom, and specify the colors to be used. Apartment redecoration is at your expense.

EXTERMINATION SERVICE: The control of insects and rodents can be very costly to the owner of your building. They did not invite pests/rodents in and it is not their fault if they are there. The best prevention is cleanliness, neatness, proper garbage removal, keeping doors and basement windows closed. Do not let trash, debris, old unwashed clothes, etc. accumulate in the apartment/basement areas. Clean up dropped food and keep food containers tightly closed. Professional extermination services must be requested only when necessary. If it can be determined that you are responsible for the infestation, you may be held liable for the cost of extermination and related costs.

FIRE ALARM SYSTEM: Not all buildings have fire alarm systems, but if they do please be aware that they do not automatically call the Fire Department. They only alert the tenants to a fire in the building. The Fire Department must still be called. Do not use the building fire extinguishers for anything other than fighting fires. When needed, they must be ready for their job.

GRILLING: Grilling and storage of grills is prohibited on balconies & decks at all times. State law requires that grills be at least 10 feet from any building when in use or hot. Storage of a flammable liquid or outboard motors is prohibited in the building. (City Fire Regulation) Stay in attendance of your grill whenever it is lit and extinguish the ashes as soon as you are done grilling. No grills should be kept in front of the building or on upper decks. Grills should not be kept outside when not in use. Always remove gas tanks/let charcoal grills cool down before storing in garage or in your basement storage.

GARBAGE: Food remains are best disposed of by being placed in a plastic bag in the trash container. Proper garbage disposal is vital to the prevention of insects and rodents in the building. The resident will be responsible for disposal of items other than foodstuff, trash mail and other small items. The resident will also be responsible for any fines or penalties levied as a result of not conforming to recycling laws.

SATELLITE DISHES: Placement of satellite dishes at a property are subject to FCC guidelines. The Landlord may also place restrictions on how and where the dish is mounted at the property. We do require that the tenants must receive written approval of installation and placement IN ADVANCE of installation and pay an additional deposit. The deposit will be returned once the dish and post are removed. Landlord makes no promises to the availability of a satellite signal at the property and does not need to make accommodations outside of those outlined by the FCC.

INSURANCE ON PROPERTY: The building owner carries fire, other damage and personal property liability insurance on the building ---NOT on its contents. You should protect your personal belongings with adequate renters insurance. Residents with water beds or fish aquariums must carry appropriate insurance to protect the owner/agent from water damage to the building. Seek the advice of your insurance agent.

KEYS: You were given keys when you moved into your apartment. Please return them all when you leave. You will be charged for any keys not received and responsible for the cost of changing locks, which will be subtracted from your security deposit. PLEASE NOTE: We have a few properties with high-security locks and keys. Losing these generally requires the locks to be changed out and they can cost up to \$300 or more for these specialized locks that you would be liable for. Monitor your keys closely to avoid these charges. Owner/agent maintains a master key file for all rental units in the event you lose a key or lock yourself out.

HALLWAY/COMMON AREAS: Nothing can be in the hallway/common areas other than a welcome mat outside the tenants' door. This is not a storage area. These areas are cleaned on a regular basis & must be presentable at all times. Also, if a tenant makes a mess or causes damage either moving in or out, that tenant is responsible for cleaning it up/fixing or the extra cleaning charge will go to that tenant.

BUILDING/EXTERIOR: Personal property cannot be leaned against the building or left outside. The grounds must be presentable at all times. Items such as, but not limited to, lawn/snow equipment, trash, car parts, and excessive clutter must be put in your garage, basement, storage area, or apartment or properly disposed of. Any extra storage must be kept in designated storage areas. Seasonal decorations, if permitted, must be removed within 30 days of the holiday, and should not cause damage or obstruct pathways. Outdoor furniture is allowed only if you have your own deck, patio, or balcony space and must be kept in good condition without obstructing walkways or entrances. Ensuring the exterior remains tidy and free of obstructions is essential for maintaining the building's appearance and safety.

LAUNDRY FACILITIES: Coin-operated laundry equipment is easy to use if the directions are followed. Please clean the equipment and filters after use. Clean up after your laundry is finished, removing all boxes, trash, lint, and cleaning up any water spills. Notify Owner/agent should there be any problems with the machines or conditions of the laundry room. Do not use it during quiet hours.

LIGHT BULBS: The building owner supplies light bulbs for use in the halls, stairways, laundry area, and exterior of the building. Bulbs are usually marked to prevent pilferage. Please do not remove the light bulbs. You are responsible for any burned-out bulbs in your apartment.

BASEMENT STORAGE, GARAGE, AND/OR ADDITIONAL STORAGE: Storage areas and garages are provided to safeguard your property. They should be kept neat, free from fire hazards and arranged to provide ventilation. Keep them locked and report any break-ins to the police & notify our office. This space is provided gratuitously, and we cannot accept responsibility for loss or damage to items stored therein, unless caused by negligent acts or omissions of the Landlord.

PETS: Many apartment buildings do not allow pets because of the damage they cause. Pets may be well behaved, however, even they get frustrated and bored when left alone for a period of time. You must get written permission from Owner/agent before a pet is allowed. A pet fee and/or deposit may be required. Pet fees are strictly for the convenience of having a pet and are not a security deposit or a prepayment for any pet damage. You will still be additionally liable for damage/cleaning costs of your pet. Pets must be picked up after immediately and on a leash when outside. Your pet must NOT be left outside by itself. If rules are not followed, your lease may be terminated by judicial eviction procedures as provided in Chapter 799 of the Wisconsin Statutes. Some owners require that pet owners have renters' insurance. This is a good precaution for all pet owners as it will help protect you for liability in regards to damage caused by your pet, in addition to covering your belongings.

If a pet is brought on the premises at any point without prior written approval from Owner/agent, even if it is only visiting, you will be assessed a penalty and an additional penalty will be assessed each day the pet remains on the premises. This provision does not grant permission to keep an unauthorized pet in your unit.

PARKING SPACE: Adequate parking spaces are provided for each resident at most properties. Garages are provided (at some locations) at an additional rent. Do not park in areas that block traffic, block garbage cans, in fire lanes, or on the grass. Doing so may result in your car being towed at your expense. At no time do we allow tenants to repair cars at the property other than changing a flat tire or jump-starting your car.

PEST CONTROL GUIDELINES: Keeping your place pest-free is a priority for us. Listed here are some basic rules that we ask all residents to follow. These items should minimize the chances of your property having issues with pests.

- **DO** wash your bedding at a minimum of every ten days using good quality detergent and hot water. This includes mattress pad, pillowcases, pillows, and sheets.
- **DO** frequently deep vacuum all carpets and rugs as well as all furniture, crevices, and the like.
- **DO** sweep, dust, and remove all human, pet, or other dander from your room.
- **DO** keep all floors, counters, and kitchen areas clean of food, sugar, and crumbs that attract and feed insects and small rodents.
- **DO**, when traveling, carefully inspect your luggage and clothing for cockroaches, bedbugs, silverfish, and earwigs. Remove them with a vacuum, dispose of them immediately.
- **DO** report immediately to the owner/agent any infestation that you discover so the owner/agent may evaluate the infestation with you
- **DO** acquire your furniture through a new or reputable used furniture outlet. Before you set up used furniture in your apartment, vacuum it completely with a power vacuum, getting into all crevices. You should remove the gauze undercoating and vacuum thoroughly to remove any uninvited guests.
- **DO NOT** bring in used furniture from a place where you are unaware of its prior use, you may be bringing in rodents, cockroaches, bedbugs, ants, and other things that might bite you or your guests and reproduce in your apartment.
- **DO NOT** let any insect get a foothold in your apartment.
- **DO NOT** leave food on the floor.
- **DO NOT** fail to turn in your move-in checklist.
- **DO NOT** allow your roommates to bring in used furniture that they found in an alley, curbside or yard sale which may already be a biohazard due to human waste or rodent/insect infestation.
- **DO NOT** purchase used mattresses; you very well could be bringing in bedbugs or their eggs.

GUEST PARKING AREAS: Are for guests, or when you need to park somewhere *temporarily*. Vehicles not moved after 1 week or that have expired plates will be towed at the owner's expense.

SMOKE/CO ALARMS: All living units and common areas have smoke alarms. Some units have CO detectors as well. Residents are responsible to maintain and keep these alarms in place and operable and to inform the owner/agent if they need maintenance. You are responsible for any costs incurred by the Owner/agent as a result of tampering or removing any alarms in your unit or building. Please test them monthly and report any problems in writing to our office.

PICTURE HANGERS: The best hangers are the nail and hook type. When carefully installed and removed, they only make a little hole, which is easily patched. Any wall damage other than these small holes will result in a repair charge against your security deposit when you vacate.

CAUSING DISTURBANCES: We wish to standardize the hours of quiet in our apartments as 10:00 p.m. to 7:00 a.m. Please cooperate by turning down your television, stereo, or radio, cease the playing of musical instruments and caution your guests about noise. Between these hours noise should not be able to be heard outside your unit. Outside of quiet hours, please be courteous of your neighbors by keeping noise to a reasonable level so it does not disturb others.

SNOW AND ICE REMOVAL: In the apartments that residents are not required to remove snow and ice, you are requested to cooperate with the people whose job it is by moving your vehicle if appropriate so snow removal may be expedited. Check your lease to determine snow removal responsibilities. If you are responsible for snow and ice removal, you also assume the liability that it is done properly and safely and for related injuries caused by snow and ice.

TOYS: Toys become a nuisance when strewn around the yard and in common areas of the building. Please keep toys picked up and out of yards when not in use. Do not keep bicycles, toys, etc. in the halls or stairways. These things should be stored in the basement or your garage.

UTILITIES CONSERVATION: Whether you pay the utility bills, or we furnish them, utilities should be conserved. Waste is waste. Call Owner/agent immediately on water leaks, lights burning, or heaters running without cause. You may be held liable for utility waste costs and repairs if you knew of an issue and did not report it. Contact our office to report any issues and if you have not received a response within 2-3 business days, follow up with a written request.

LOCK OUT: In the event, you get locked out of your apartment, Owner/agent has a master key to let you in. This can be costly and a time-consuming activity. There will be a charge for opening locked apartments.

CHRISTMAS TREES: Only artificial trees are allowed in multi-family apartment buildings. Live trees are not permitted due to the potential fire hazard.

FIRE PITS: Because of the potential for fire hazards, fire pits are not allowed at any property

BOATS, WATERCRAFT, ATV/UTV, TRAILERS, RVs, AND OTHER LARGE ITEMS: These items must be stored in your garage, if available, or off the property. If allowed by management in advance, these items may only be parked on the property temporarily for up to 48 hours for loading, unloading, or other short-term purposes. Prolonged or permanent parking, including in shared driveways, parking lots, or streets, is strictly prohibited. Tenants with their own private, non-shared driveways may store these items, provided they do not violate any other community or local regulations. Unauthorized items will be subject to towing or additional fees.

VEHICLES: Any vehicle you have on the property must be in immediate running order, licensed, registration current, and properly parked. If not, vehicle will be towed at the owner's expense without notice. At no time is it allowed to work on the mechanics of the vehicle, including changing oil, engine repairs, etc. while on the property. Tenants are allowed to change tires on vehicles at the property, but it should be done in such a manner that the car is not left on a jack unattended whereas it could lead to injury of another.

NSF CHECKS: There will be a charge to the resident for any checks written for rent, security deposit, or other payment that does not clear the bank. This charge is to be paid with the following month's rent payment.

END OF LEASE PROCEDURES

LEASE RENEWAL

A lease renewal is a form that renews (extends) your lease for another term and can include changes to rent, fees and conditions. If a renewal is offered, you will receive that prior to the end of your lease. For non-student properties, in the final months of your lease, you will receive this renewal. Because of the way the student leasing cycle works, students will generally receive renewals at the beginning of their current lease for the following school year. All renewals will inform you that your lease is due to expire and will also let you know of any rent increase or lease changes. You will be asked whether you wish to remain in your apartment, or if you wish to vacate. Please complete this form and return the letter to our office by the due date listed on the renewal. If you wish to remain, this renewal will extend your lease based on the terms and conditions listed. If you are leaving, your apartment will need to be empty and cleaned on the last day of your lease period. **If a renewal is offered and you fail to return it within the given time frame, it will be assumed that you are moving.** At this point, we will proceed to market the apartment and possibly re-rent to others. (Note: Once a renewal is signed by all parties, it legally extends your lease effective immediately and you are bound to the new full term. You are required to find a replacement tenant if you can't fulfill the new lease term, subject to the Landlord's statutory duty to mitigate damages.)

VACATING BEFORE THE END OF YOUR LEASE

If conditions come up and you must move during the lease period, you must fill out the Lease Assignment Agreement form, which you can access on our website or at our office. If you or the owner/agent is unable to rent the apartment for immediate occupancy when you leave, you are liable for the rent until the owner/agent is able to re-rent your apartment or until your lease expires, whichever comes first. There will be a charge for advertising and showing expenses incurred in the renting of your apartment if you vacate before your lease expires.

CLEANING THE APARTMENT

You rented the apartment in a clean and tenantable condition; we hope you will leave it as good (or better) than when you occupied it, subject to normal wear and tear. All walls should be clean, stove and refrigerator cleaned, carpets vacuumed, and stains removed, windows and light fixtures cleaned. Garage/storage areas should be swept, and all debris removed. If you leave the apartment in such a condition that we must have it cleaned to rent it again, the cleaning charge will be deducted from your security deposit. This is fair and necessary no matter how long you lived in the apartment.

SECURITY DEPOSIT INSPECTION & KEYS

We will inspect your apartment after you have vacated and cleaned it. Your lease officially ends by 12:00 pm (noon) of the last day. Failure to vacate on time can result in additional fees such as double the daily rent or per hour charges for each hour you are still occupying the apartment. By noon on the last day, you will need to surrender ALL your keys, including any copies made. If keys are missing at the move-out, locks will be changed, and you will be charged. After the inspection, we will determine work that is needed above and beyond normal wear and tear, and deduct any such charges from your security deposit.

SECURITY DEPOSIT

The Security Deposit is in common use throughout the rental industry. **It is not to be considered as rent in any manner and may not be used as any month's rent.** The property owner holds the Security Deposit during the term of the tenancy. When you vacate the apartment and after you have moved and cleaned the space, the manager or owner will inspect the property for damage, neglect and for routine rehabilitative maintenance. Conditions of fair wear and tear attributable to any normal living will not be charged against the resident. However, excess dirt and dust, grease and debris, or damage must be corrected prior to renting to the next resident. Wisconsin law says that a resident must leave the premises in the same condition in which possession was taken, less normal wear and tear. The owner/agent inspects the apartment after vacancy, and if there is damage or dirt evident, or neglect is indicated, the contract cost of cleaning or repair will be deducted from the Security Deposit. The Tenant's security deposit, less any amounts legally withheld, will be delivered or mailed to Tenant's last known address as provided in Wis. Stat. § 704.28(4). Please provide the address you want the deposit sent to. If no forwarding address is provided, it will be mailed to the address you are vacating. If damage has been done to the premises, which is not your fault, you should bring this to the attention of the owner/agent immediately at the time it occurs.

NOTE: Unless agreed in writing, the Landlord will not store any items of personal property that the tenant leaves behind when the tenant removes or is evicted from the premises, except for prescription medication or prescription medical equipment, the latter of which will be retained by Landlord for 7 days from the date on which the Landlord discovers the property, after which time the Landlord will dispose of it. If the abandoned personal property is a titled vehicle, then before disposing of it, the Landlord shall give notice of its intent to dispose of the vehicle to the tenant and any secured party of which the Landlord has actual notice, personally or by regular or certified mail.

CHANGE YOUR MAILING ADDRESS

Important mail has been lost because residents fail to send change of address to friends, relatives, and business connections. Also notify the local Post Office. Make sure Owner/agent has a forwarding address for mail and your security deposit.

PAY ALL UTILITY BILLS

This is important to preserve your credit rating. Utilities and telephone accounts can be damaging if left unpaid. **DO NOT** have the electricity or water shut off, request only a final reading be made, and a final billing be sent to you. This will end your liability for the utilities but will leave the service connected. Have the telephone disconnected. End newspaper and other deliveries. You are responsible for the utilities through the last day of your lease.
